SPB37W

List Price ~~£214.95 each~~
Our Price **£149.95 each**

Guards against freezing, no residue, ideal for car parks paths and steps, suitable for salt spreaders. Over 99% pure sodium chloride, free from gritty impurities—leaves no messy residue like brown salt. Rapidly lowers the freezing point to break the bond between ice and surfaces—ideal for driveways, paths, pavements, and car parks. Meets the British Standard for de-icing salts, trusted by councils and commercial estates. Preserves aesthetics—safe for footwear, carpets, and indoor areas. Recommended ordering in advance.

The Sealey SPB27W 27 kg Broadcast Spreader makes outdoor material distribution effortless. Its rugged steel frame and chemical-resistant hopper withstand harsh conditions, while the punctureproof solid wheels ensure uninterrupted performance. With 360° spray coverage and adjustable feed, this spreader delivers precision from the first step to the last. Tackle slush, salt, seeds, or fertiliser—with just one tool.

Manufactured with a strong tubular steel frame and polypropylene dispensing hopper. Our high capacity broadcast spreaders are all fitted with heavy-duty air filled pneumatic tyres, perfect for absorbing impact and are ideal for use on uneven surfaces and rough terrain. Spread: 3-3.6m. Volume: 29L. Fitted with nylon gear, rain cover and adjustable feed system. Includes hopper screen to ease spreader flow and filter out unwanted contaminants. Sprays in 360° motion to cover a large area. Suitable for a variety of horticultural agents including grit, seed, salt, fertilizer and weedkiller.
