

HIGHLIGHT

POLYGARD 5L FAST EVAPORATING PANEL WIPE DEGREASER

30181

Polygard Panel Degreaser Slow is a high-performance, anti-static, and anti-silicone panel wipe designed to effectively remove surface contaminants such as wax, grease, and silicones.

Ideal for preparing bare metal and existing painted surfaces before applying coatings, it ensures optimal adhesion and finish quality

By incorporating Polygard Panel Degreaser Fast into your preparation process, you can achieve superior coating adhesion and finish quality, ensuring a professional and durable result.
